

Notice to Hikers in the Fontana Area

Section 19d

Immediate Fontana Village Vicinity

Hikers and vehicle operators should be aware that due to TVA renovation of the power lines very close to Fontana Village, various trails and roads, including the BMT, may be closed for various periods of time from now until late Fall. Hikers are advised that the best solution is to take the Fontana Shuttle between Fontana Lodge and Fontana Marina. Do not try to walk on Route 28 between the two locations. Roads may be closed for up to four hours twice a day. Trails may be closed for 1-3 days at a time.
